INTRODUCTION
and GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Leaksville, Spray and Draper Directory since 1958), presents to subscribers and the general public, this, the 1965 edition of the Leaksville, Spray and Draper City Directory, which also includes Rural Route Residents.

Confidence in the growth of Leaksville, Spray and Draper's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Leaksville, Spray and Draper to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Leaksville, Spray and Draper Directory will fulfill its mission as a source of authentic information pertaining to the communities.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section which embraces a list of the names and addresses of all business and professional concerns of the communities, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Leaksville, Spray and Draper, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Leaksville, Spray and Draper, and the name, official personnel, nature and address of each firm and corporation in the communities.

804.204

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the communities, depicting in unbiased terms what they have to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Leaksville, Spray and Draper.

The Out-of-Town City Directory Library

Through the courtesy of the publishers of the Leaksville, Spray and Draper City Directory, a Directory Library is maintained in the offices of the Tri-City Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

Historical Sketch
Based on Writings Of The Late
Judge Henry P. Lane, of Leaksville, N. C.

The Towns of Leaksville, Spray and Draper have come to be known as the Tri-Cities of Rockingham County, North Carolina. This is proper, as they are so intimately linked in their industrial, social and cultural interest as to form one Metropolitan area. Leaksville was incorporated in 1874; Draper in 1949; and Spray in 1951.

These towns are in an historic area. Here Colonel William Byrd, the famous Virginian, came in 1728 when he led the commission running the dividing line between Virginia and Carolina. In 1733, he received his grant of twenty thousand acres, and named it the "Land of Eden," and said in his immortal book, it was the most beautiful section he had ever seen. All of Spray and Draper, and much of Leaksville lie within the confines of Byrd's tract. When Leaksville's radio station, the first in Rockingham County, went on the air in December, 1946, the call letters, with perfect propriety, were W L O E, representing the "Wonderful Land of Eden."

Leaksville is the oldest of the triplets; and one of the oldest towns in the county. Some years prior to 1797, John Leak had received from Robert Galloway, a large land owner, a tract of one hundred acres of land on the north side of the Dan River near the point where the Smith River runs into the Dan. By reason of the beauty and healthfulness of the location, Leak decided to promote a town here and sold a number of lots. In 1797, the Legislative body of the State passed an act authorizing him to lay off a town site on his tract according to the plans drawn by a board of commissioners named in the Act. This was done, and the town was named Leak. Two streets running East and West, Washington and Jay, and three running North and South, Patrick, Henry and Hamilton were laid out, and on these streets lots were sold and the town grew up.

First National Bank

The first business houses, as well as residences, were erected on Henry Street near the river where the Karastan rug mill and Bedspread mill now stand.

In 1812, with the creation of the Roanoke Navigation Co., boats began to ply the river from Weldon, N. C., up to Roanoke River to the Dan, thence up that stream to Leaksville, which became the head of navigation. This created a great boom in the town and a rapid growth. It became the trading center of a great section, extending to and across the Blue Ridge Mountains in to Virginia.

Produce from this section, accumulated by the merchant was conveyed from here down the river and the song of the boatmen, as they poled the long batteaux, heavily laden with tobacco, and other products along the Dan, were familiar sounds.

Around 1818, a great building boom has started here, a large bank was established, a branch of the state bank, and lots were sold for almost fabulous prices. In a few years, the boom collapsed and a more substantial growth began.

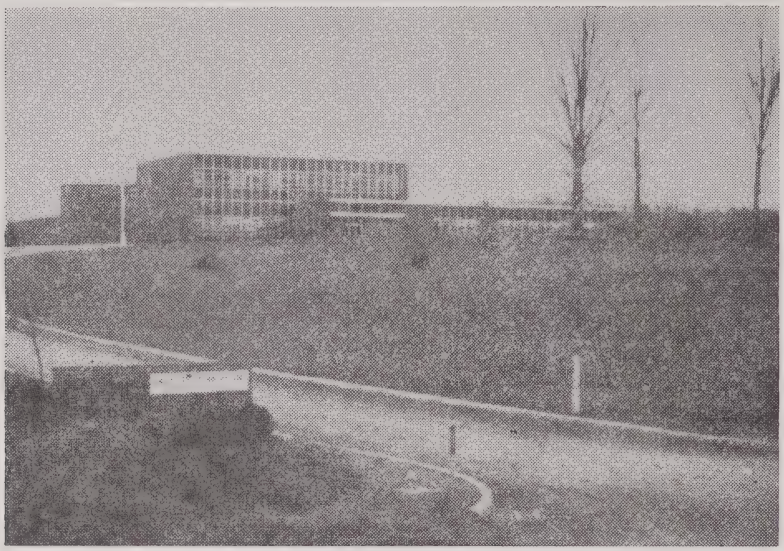
In 1819, an academy was opened at Leaksville and later a school for girls was conducted. In later years, Nathan Henry, a son of America's great orator and patriot Patrick Henry, conducted the Academy for males. In 1846, Patrick Henry III was head of the school. In that year he closed the school, formed a company, and as captain of it, went to Mexico with a North Carolina regiment. Other noted teachers conducted the school here, the best known being Professor N. S. Smith and B. W. Ray.

In 1813, James Barnett had erected the largest grist mill in this part of North Carolina, at a point on Smith River, where is now the bank building at Spray. He also operated a saw mill, oil mill and cotton gin and a large store there. He sold his interest, including a large tract of land and valuable water power to John M. Morehead, and in 1839, Morehead built the Leaksville Cotton Mill. In later years, Morehead became Governor of North Carolina and one of the South's most distinguished statesmen and outstanding financiers. After his death, his family continued to expand the textile interest here, establishing the Leaksville Woolen Mill in the early seventies and conducting the largest mercantile establishment in the county.

At Spray in 1880, Major J. Turner Morehead promoted the Wilson Aluminum Company, that never made any Aluminum, instead, by accident, discovered how to produce carbide, which, when put in water, generated acetylene gas. From this discovery, the American Carbide Company originated and became one of the largest and greatest corporations in the world.

In 1892, under the leadership of the late B. Frank Mebane, a marvelous expansion began, and for serveral years a new cotton and woolen mill was promoted, each year, all the available water power of the Smith River being utilized, and steam plants being required.

In the meantime, in old Leaksville, tobacco manufacturing was the chief, or only industry, as it had been for almost a century. Auction warehouses had opened here soon after the War Between the States, and the market held up well in competition with other points. As late as 1893, eight factories were making chewing tobacco here, and some of their brands were famous throughout the country.



Fieldcrest Mills Inc. General Office

The Danville and New River Railroad Company built its lines to Leaksville by 1884. It is now the Carolina and Northwestern, a branch of the Southern System. This ended all water transportation, as well as the hauling of freight from Reidsville and Danville by wagons with team horses mules and oxen.

By 1906, Draper had grown to be a considerable village. The German-American Co., had built a large textile mill there in the heart of what has always been called "The Meadows." In 1912, this plant and much land was acquired by Marshall Field and Company of Chicago. The blanket mill was enlarged and in 1915 an additional plant was built for the manufacture of sheeting. Seven mills of Spray also were acquired by Marshall Field and Co. These mills were expanded and improved and two new plants, the Bedspread Mill and the Karastan rug mill, were built at Leaksville.

Marshall Field and Co. operated this chain of mills until Oct. 1, 1953, when the mills were purchased by a newly-formed corporation, Fieldcrest Mills, Incorporated. The new company has continued to invest heavily in modernization from early 1954 to the end of 1958. Today, the Fieldcrest Mills, together with the Leaksville Woolen Mill, The More-

Fieldcrest Store

head Mill, and the Spray Cotton Mills form the economic backbone of the Tri-Cities, employing more than 5,000 of its citizens.

In addition to textile manufacturing, numerous other industries have been established in recent years. Among these are Rockingham Block & Ready Mix Company, a subsidiary of Boren Clay Products; Webster Brick Company, Southern Lightweight Aggregate Corporation (Solite) and Litho-Web, Incorporated, a continuous forms industry.

The Tri-Cities are served by the Duke Power Company which constructed here its Dan River Steam Station to furnish an ample supply of electricity to the northern part of the growing Piedmont Carolinas. The first 70,000 KW generating unit went on the line in September, 1949, and was followed closely by the second 70,000 KW unit in March, 1950. A third unit of 150,000 KW was added in August, 1955.

Telephone service for the Tri-Cities is provided by the Central Telephone Company with 7,678 telephone installations. The modern dial system has a capacity for a number of additional phones as needed in the future.

The Tri-Cities have 64 churches representing all major denominations. Many fine school buildings provide for the educational needs of the communities. The county library at Leaksville and a branch library at Draper contain thousands of volumes. Two Y.M.C.A.'s Boys Club and boy and girl scout organizations provide wholesome programs benefitting youth. A total of 64 civic clubs, affiliated with National organizations provide opportunities for self-development and community improvement.

Leaksville, Spray and Draper are located in a beautiful section. The towns nestle along the rivers surrounded by a rich farming section with the towering Blue Ridge Mountains in the distance. The Tri-Cities are truly a "Land of Eden," not only, as Byrd wrote, "A place where everything grows plentiful to supply the wants of Man" but also where beautiful textile products are manufactured in enormous quantities to help supply the wants of man all over the globe!

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight -- Out of Mind
Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

●

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS and HOME OWNER SYMBOLS
1965

Copyright, 1965, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

★

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

Your City Directory has
HUNDREDS OF USES AND APPLICATIONS

BUYING

Learning new sources of supply.
Keeping up with known sources of supply.
Checking on the record of firms from which you buy as to dependability, stability, etc.

SELLING (*Including market analysis and sales promotion*)

Locating new markets.
Maintaining up-to-date mailing lists.
Analyzing the buying power of a community or street.
Routing salesmen to avoid lost motion in reaching prospects.
Locating residents of hotels and apartment buildings, many of whom are listed nowhere else.
Identifying names and titles of officials, for use of salesmen.

CREDIT REFERENCE (*and Collections*)

Running down delinquent debtors.
Checking credit applications as to address, moving habits, names of employers, stability of employment, family status, neighbors, whether owner or renter, etc.
Identifying persons of same or similar names.
Investigating cases in welfare, charitable, social service and legal work.

DELIVERY *Communication, Mailing, Etc.*

Routing deliveries.
Reducing dead letters and insuring more complete delivery of mail.
Effecting delivery of messages and parcels erroneously or defectively addressed.
Correcting names and titles.

LAW ENFORCEMENT *Criminal Detection and Apprehension*

Tripping bad-check passers.
Deciphering illegible signatures.
Guarding against habitual bill dodgers.
Tracing heirs and witnesses, settling estates, and establishing facts as of a certain date.
